

What we Offer

You will see below a variety of services that we offer. These have all been created to help you comply with the recently amended equality legislation.

Easy Read Service

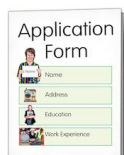

We can make materials easy read. This can be anything from minutes and agendas to leaflets or posters. Our members work with us and also act as quality checkers to make sure things are clear, jargon free and look professional. Contact us for an example of our work.

Media Service

We have a media crew that can work with you or be commissioned to: film events; make DVD's; create a record for annual reports; record interviews / consultations; enable people to have a say/take part in democracy. Contact us for more information.

Recruitment

Are you recruiting a person with a learning difficulty?

We can help and support them to take part in interviews as well as helping with the selection process.

Training

We deliver a nationally recognised training package called "I'm A Person Too!" This aims to help public and private sector agencies better understand what a learning difficulty and/or Autism is, how to communicate more effectively and how to make services accessible to them. We can tailor the package to include anything that is relevant to your organisation. Contact us for more details or go to the "I'm a person too!" website: www.imapersontoo.org.uk

Workshops and Conferences

We can run or facilitate workshops and events. We offer, advice and support, as well as helping organise your event.
